

10-11 Oct 2024 | A 9/10

WORKSHOP: Nonuniformity in Morphophonology across Frameworks

	Thursday, 10 October 2024	Friday, 11 October 2024
9:30-10:30	Invited speaker: Canaan Breiss , Southern California (USC) Lexical Conservatism as a window into the grammar and lexicon	Invited speaker: Clara Cohen , Glasgow It's there for the taking: Differential cue use in production and perception of morphophonetic variation
10:30-11:00	<i>Break</i>	<i>Break</i>
11:00-11:30	Paroma Sanyal; Therese Liam Tom , Delhi Non-Uniformity in Kannada Case Suffixation	Anna Połomska, Markéta Ziková , MU Brno Questioning the Uniformity of Enclisis: An Experimental Study on Czech Pronominal Clitics
11:30-12:00	Markus A. Pöchtrager , Vienna On the notion of phonological privilege in Turkish	Chloe Dokyung Kwon, Sam Tilsen , Cornell University Compound tensification as a source of phonetic variation in word-medial stops in Korean
12:00-12:30	Bartłomiej Czaplicki , Warsaw Using ranked schemas to derive non-uniformity of Polish locative adjectives	Tammy Ganster , Trier You say identifiable, I say identifiable. We are not the same. – Individual Differences and the Production of Stress In English Complex Adjectives
12:30-13:30	<i>Lunch break</i>	<i>Lunch break</i>
13:30-14:00	Phuong Dang, Andrea Sims , Ohio Abstract knowledge versus direct experience in processing of vietnamese coordinative compounds	Ingo Plag , Düsseldorf, and members of the ERSaF team , Université Clermont Auvergne & Trier Modeling the role of prefixation in determining stress assignment in English verbs
14:00-14:30	Melanie J. Bell , Anglia Ruskin University; Yu-Ying Chuang, Yu-Hsiang Tseng, and R. Harald Baayen , Tübingen Word meaning in context contributes to non-uniformity in the realisation of Mandarin tones	Ákos Blaskovics , Hungarian Research Centre for Linguistics Variation in the accusative form of Hungarian loanwords ending in coronal consonant clusters
14:30-15:00	<i>Break</i>	<i>Break</i>
15:00-15:30	Katie McCann , Leipzig Adapting to your environment - Introducing chameleon affixes	Ryan Sandell , Munich Preserving Computational Uniformity in Vedic Sanskrit Stress Assignment
15:30-16:00	Marie-Luise Popp , Leipzig Non-uniformity in phonologically conditioned affix order in Yidj: Evidence for strata	Péter Rebrus, Péter Szigetvári, & Miklós Törkenczy , Hungarian Research Centre for Linguistics & ELTE Budapest Sufficient and insufficient contrast and nonuniformity
16:00-16.30		<i>Business Meeting</i>
