

Shuttle Service – City <> Trier University

On **Friday, 27th of February**, the **public transportation** in and around Trier is **on strike** and many bus lines are not going to be in service. **Line 31** (main stops: Hbf - Konst. Basilika - Kaiserthermen - Olewig - Universität Süd) and **line 230** (main stops: Kaiserthermen – Hbf – Universität, Tarforst) are running though. Please see [VRT](#) for times.

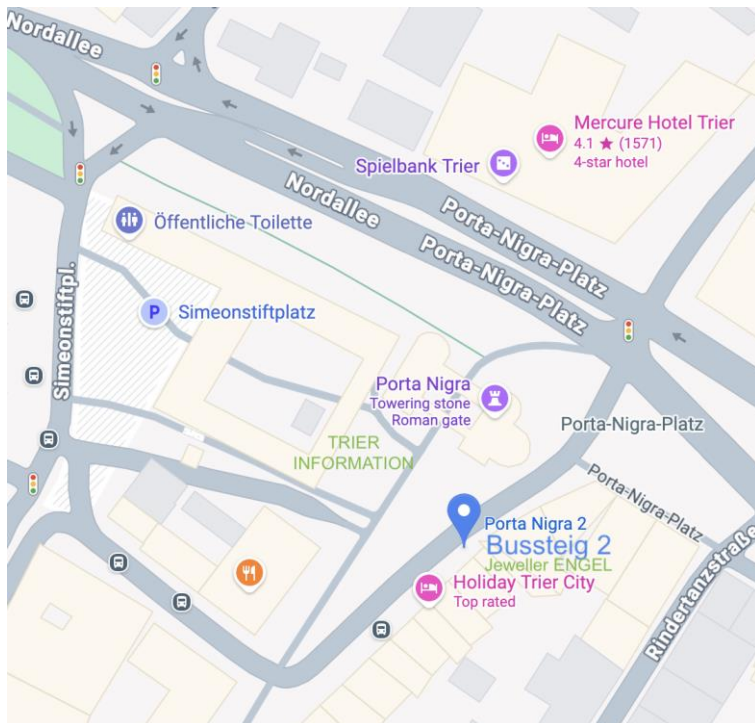

To ease transportation, we are providing a bus-shuttle-service **to the university** (leaving at Porta Nigra and leaving at Kaiserthermen). At the end of the conference, the shuttles are offering a **return ride** to the city center.

Please be early, shuttles cannot wait!

Return ride from the university to the main train station at 2.45 pm
