

Die Professur für Digital Humanities und das
Trier Center for Digital Humanities
laden herzlich ein zu einem Gastvortrag von

Dr. Monica Berti
(Universität Leipzig)

,,Digital Editions of Historical Text Re-Use“

The goal of this talk is to present and discuss methods for producing digital editions of historical text reuses. The talk will address topics such as editorial practices, semi-automatic annotation of text reuse data, and text reuse detection. Examples will be provided from corpora of ancient Greek and Latin sources, but while discussing methods that can be applied to other historical corpora.
