Call for Papers

2nd Interdisciplinary Conference on Antisemitism for Early-Career Researchers

The *Initiative Interdisziplinäre Antisemitismusforschung Trier* (Initiative for the Interdisciplinary Study of Antisemitism Trier) is going to host an interdisciplinary conference on the topic of Antisemitism, which will take place from 12.10.2022 to 14.10.2022 and is aimed specifically at early-career researchers.

The conference is dedicated to current and historical manifestations of Antisemitism. The phenomenon will be explored through an interdisciplinary approach using various methods and approaches. The aim of the conference is to contribute to the critical examination of current and historical manifestations of Antisemitism. The three-day international conference will take place in Trier in cooperation with Prof. Dr. Christian Jansen, Senior Research Professor Dr. Lutz Raphael, Dr. Thomas Grotum (all University of Trier), Mr. Dieter Burgard (Minister President's Commissioner for Jewish Life and Antisemitism Issues of the State of Rhineland-Palatinate) and the working group "Erinnerung der Großregion" e.V. Civil society actors will have the opportunity to present their work at stands during the conference.

The conference program will be announced in April 2022.

1. Aspiration of the conference

The biennial "Antisemitism Conferences for Young Scholars" address the need to examine antisemitism not only as a phenomenon of the past, but also in terms of its contemporary relevance and its potential to pose a threat. New research impulses from young academics in conjunction with an interdisciplinary line-up of speakers enable innovative approaches to antisemitism research and take a holistic view of the phenomenon.

Accordingly, the aim of the conference is to disseminate innovative approaches to antisemitism research, to promote the exchange of ideas and networking among participants, and to strengthen the role of early-career researchers.

If an explicit reference is made to the topic of Antisemitism, the contributions may also deal with related topics.

2. Form of submission

- A paper of maximum two pages in German or English, outlining the half-hour presentation.
- We request a short (maximum half-page) description of your biography.
- Please send the documents (paper and self-description) to **ia@uni-trier.de by March 1st, 2022.**
