

Publikationen FB IV 2007 – Wirtschaftsinformatik

Bergmann, Ralph (2007): Ambient Intelligence for Decision Making in Fire Service Organizations. In *European Conference on Ambient Intelligence (Aml'07)*, Springer.

Czap, Hans (2007): Architekturkonzept einer kennziffernbasierten Steuerung im Krankenhaus. In: Bräuning, D. und Greiling, D. (Hrsg): Stand und Perspektiven der Öffentlichen Betriebswirtschaftslehre II. Berlin, S. 738 – 749.

Freßmann, Andrea (2007): *Knowledge Management Support for Collaborative and Mobile Working*, Dr. Hut Verlag, 80538 München.

Freßmann, Andrea/ Bergmann, Ralph/ Taylor, Brian/ Diamond, Ben/ Carr-Smith, Gary (2007): Mobile Knowledge Management Support in Fire Service Organisations. In Oberweis, Weinhardt, Gimpel, Koschmider, Pankratius, and Schnizler, editors, *Tagungsband der 8. Internationalen Tagung der Wirtschaftsinformatik*, volume 2, pages 557-574, Universitätsverlag Karlsruhe.

Giese, Michael/ Freßmann, Andrea/ Bergmann, Ralph (2007): Using Ontology-Mapping Techniques for Content-based Result Merging. In Norbert Gronau, editor, *4th Conference on Professional Knowledge Management - Experience and Visions*, volume 2, pages 127-134, GITO.

Hülsmann, M./ Windt, K. (Editors); Czap, H. et al (Associated Editors) (2007): Understanding Autonomous Cooperation and Control in Logistics. Berlin, Heidelberg, New York.

Maximini, Kerstin (2007): *Integriertes Wissensmanagement in Klinischen Umgebungen - Analyse von Behandlungsverläufen in der Schlaganfallversorgung*, Verlag Dr. Hut, 80538 München.

Maximini, Kerstin/ Maximini, Rainer (2007): Collaborative Agent-Based Knowledge Engine, Anforderungen – Konzept – Lösungen. Technical Report, V2, Universität Trier, Lehrstuhl für Wirtschaftsinformatik II, Universität Trier, Lehrstuhl für Wirtschaftsinformatik II, D-54286 Trier, Januar 2007.

Minor, Mirjam/ Koldehoff, Andreas/ Schmalen, Daniel/ Bergmann, Ralph (2007): Configurable Contexts for Experience Management. In Norbert Gronau, editor, *4th Conference on Professional Knowledge Management - Experiences and Visions*, volume 2, pages 119 - 126, Potsdam, March 2007, University of Potsdam, GITO-Verlag Berlin.

Minor, Mirjam/ Schmalen, Daniel/ Koldehoff, Andreas (2007): The Role of Context Models in Association with Flexible Design Processes. In David C. Wilson, and Deepak Khemani, editors, *Workshop-Proceedings ICCBR'07*, pages 185 - 190.

Minor, Mirjam/ Schmalen, Daniel/ Koldehoff, Andreas/ Bergmann, Ralph (2007): Structural adaptation of workflows supported by a suspension mechanism and by case-based reasoning. In Sumitra Mitra Reddy, editor, *Proceedings of the 16th IEEE International Workshop on Enabling Technologies: Infrastructure for Collaborative Enterprises (WETICE'07), June 18 - 20, 2007, Paris, France*, pages 370 - 375, IEEE Computer Society, Los Alamitos, California.

Minor, Mirjam/ Tartakovski, Alexander/ Bergmann, Ralph (2007): Representation and Structure-based Similarity Assessment for Agile Workflows (Resubmission). In Alexander Hinneburg, editor, *LWA 2007 Lernen - Wissen - Adaption, 24.-26.09.2007 in Halle*, page 341, Martin-Luther-Universität Halle-Wittenberg.

Minor, Mirjam/ Tartakovski, Alexander/ Bergmann, Ralph (2007): Representation and Structure-based Similarity Assessment for Agile Workflows. In Rosina O. Weber, and Michael M. Richter, editors, *Case-Based Reasoning Research and Development, 7th International Conference on Case-Based Reasoning, ICCBR 2007, Belfast, Northern Ireland, UK, August 2007, Proceedings*, LNCS 4626, pages 224 - 238, Springer.

Sauer, Thomas/ Maximini, Kerstin (2007): Supporting Workflow Management by Automated Enactment Tracking. In *Proceedings of the 4th German Workshop on Experience Management (GWEM2007)*, March 2007.
