

Evaluation for the Lecturer – Dipl. Kfm. Markus Widmann

Feedback by the students:

- *Congratulations! It was a very good course, very explicit. I was happy to attend. The main message of the course was very well passed and clear to me.*
- *Huge topic presented in a very light way. Interesting sessions that are well prepared. Clear red line while presenting the topics. Very positive overall impression and definitely one of the good courses at ISEC!*
- *Professor was very knowledgeable, enthusiastic on overall importance of the topic, interactive style centered around student engagement and knowledge checks...Pretty helpful and willing to assist whenever.*
- *Very good and interesting course. Professor everytime helpful when questions. Answering very quick on emails. Has a lot of knowledge. Clear argumentation. A lot learned.*
- *I liked that the course had a red line from the very beginning. I enjoyed it.*
- *Dry subject but good presented, I liked the case studies & practice render. Quick answer on emails, courses were well prepared & structured.*
- *Very good course! Actual topics with good examples good to understand also for people without a big knowledge in this field!*
- *Good approach tried to explain as simple as possible – good atmosphere!*
- *Excellent course, congratulations for your preparation and how good you convey it to students!*
