Electronic Exam Review

Elements of Statistics: Electronic Exam 8th March 2023

During the review, we will not answer to questions concerning content and evaluation of the individual exams.

on **Friday, 28th of April 2023** the e-exam viewing day for the **e-exams from winter semester 2022/2023** will take place.

Please note the following points:

- Registration at the responsible secretary's office via e-mail (statistik@uni-trier.de) (**indication of surname, first name, university e-mail address and exam title**).
- **Deadline for registration: 12th of April at 12 noon.** Later registrations cannot be considered!
- **ATTENTION:** You will need your personal password from the exam day to view the exam (information on this was provided on the exam day). You have overwritten the original password on the "e-examination declaration" with a personal password on the day of the examination.
- The purpose of this exam viewing is to have a look at your own exam including evaluation and scoring. Copying and/or photographing of exam contents is not permitted! Within the scope of the inspection, no questions regarding the content and evaluation of the respective exam (questions) will be answered.
