Notes: Course=single teaching unit with 5 ECTS points, i.e, either a lecture, seminar, or tutorial; Modul=combination of several courses, which can give a total of 5 ECTS or 10 ECTS points (check the course lists), S=summer term, W=winter term.

ⁱ Please note that the course is not held in English. The materials are provided in English and an English exam is available.

ⁱⁱ As this is a subject-specific language course, native English speakers are not eligible to participate. To earn 5 ECTS credits, students must take both courses per semester. Upon earning all 10 ECTS credits, a certificate will be issued in addition to the grade. Trier students have priority; admission will be announced at the beginning of the semester.
