

FANUC is the world leading provider of factory automation. At our European Headquarter in Luxembourg, our 200 employees provide a full range of services to our 17 European subsidiaries. We are currently seeking an

## Intern in Legal and Data Protection

### Your purpose:

Under the supervision of the Legal Support Specialist:

- to conduct a legal research of the existing data protection laws, regulations and best practices in various European countries;
- to review various legal documents related to the activity of the company to identify legal risks;
- to assist in development of materials for legal trainings;
- to draft service level agreements and other contracts;
- to conduct a general legal research in the area of intellectual property, commercial and competition laws;
- to provide assistance in various administrative tasks for Company's Legal Department.

### Flexible time frame:

The internship will initially cover about 2-3 weeks of fulltime work. This can be taken:

- fulltime for 2-3 weeks;
- part-time work for 1-3 days per week, spread out over a longer period of time, e.g. to fit with lecture times.

There may be possibilities for extensions in case of new incoming projects.

### Your profile:

- current law student (preferably enrolled in sixth or higher semester);
- outstanding notes and a good background in the fields of civil laws and international (focus EU) law, excellent problem analysis, resolution and documentation skills;
- a strong knowledge of data protection law of any of the EU Member States is an asset;
- an advanced level of oral and written English, other European languages will be considered as an advantage;
- an excellent knowledge of MS Office;
- previous experience as a student assistant;
- ideally previous experience in a legal research project/legal comparison;
- previous experience with legal data banks.

Driving licence and car is a personal advantage for ease of travel, but not required for the job.

Along the work experience the Intern will also have a possibility to write a seminar paper.

If interested, please send your application in English (CV + motivation letter) to [jobs@fanuc.eu](mailto:jobs@fanuc.eu)
