

Prof. Dr. Antje Bruns
 Head of Governance and Sustainability Lab
 Trier University
 Germany
 E-Mail: brunsa@uni-trier.de

Research Focus

- Environmental Governance and Responses to global environmental change (Mitigation and Adaptation)
- Study of Socio-ecological transitions and fundamental transformations in coastal regions and cities
- Science Studies and bridging concepts between Natural Sciences and Humanities

Work Experience

Since 10/2015	Head of Governance and Sustainability Lab Full Professor, Trier University
since 04/2014	Head of the Junior Research Group "WaterPower" www.waterpower.science
10/2011-09/2015	Assistant Professor for Climate Change and Sustainable Development Geography Department, Humboldt-Universität zu Berlin
05/2011-08/2011	Scientific Officer Hanse-Wissenschaftskolleg, Delmenhorst, Nordwestverbund Meeresforschung
since 02/2009	Scientific Officer and Lecturer University of Flensburg, Department for Geography; Lead of the project „Energy and Space“ as part of the International Network on Energy and Environmental Sustainability (INEES)
06/2010	Doctoral Dissertation at Christian-Albrechts-University (CAU) Kiel Thesis „Environmental Governance in the Coastal Zone“ (magna cum laude – very good)
since 07/2007	Editorial work „Coastal Newsletter“ for EUCC – D Capacity building for a sustainable development in Coastal Zones
05/2007 – 01/2009	Scientific Officer within the project „Zukunft Küste – Coastal Futures“ GKSS Forschungszentrum in der Helmholtzgemeinschaft, Institute for Coastal Research
06/2004 – 04/2007	Scientific Officer within the project „Zukunft Küste – Coastal Futures“ Research and technology Centre Westcoast (Büsum), Christian-Albrechts-University Kiel
10/2000 – 06/2002	Student assistant, Humboldt University Berlin (HU Berlin), Dept. of Agricultural Policy
10/2001 – 12/2001	Student Assistent at „Forschungsstelle Küste Norderney“
07/1999 – 10/1999	Practical Training: Environmental Education, Nature Park „Eichsfeld - Hainich – Werratal“
08/1995 – 07/1996	Voluntary ecological year, Gut Wulfsdorf in Ahrensburg

Education

12/2003	Diploma Degree of Geography (grade: excellent), Humboldt-Universität zu Berlin
10/1996 – 12/2003	Study of Geography (main subject) at Humboldt-Universität zu Berlin (HU) Minor field of study: Spatial Planning (TU-Berlin) Agricultural Science (HU Berlin)

Memberships and Networks

- Spokesperson: Working group on geographical Energy Research (DGfG)
- Elected Member: Academy for Spatial Research and Planning
- Member of Trier Centre for Sustainability Science TRICSS
- Former Member of THESys – Transformation of Human-Environment Systems at Humboldt-Universität zu Berlin
- German Society for Human Ecology (DGH)
- EUCC international – The Coastal Union
- LOICZ: Land-Ocean Interactions in the Coastal Zone – Core-Project of IHDP and IGBP, Project Affiliation
- Representative for Early Career Scientists at the German Committee for Future Earth
