Frequently Asked Questions – Course Registration via PORTA

1) Where can I find the presentations on how to search/register for courses on PORTA?
   ➔ You can find the presentations on the International Office’s FAQ-page: https://www.uni-trier.de/index.php?id=74399

2) How can I change my password?
   ➔ The university’s IT-Service (ZIMK) offers a service to change the current password: https://www.uni-trier.de/index.php?id=8890
   Please be advised that this page is only in German and the password you create is valid for ALL systems at Trier Univ.

3) I do not know which courses to search for – whom do I contact?
   ➔ Your departmental coordinators: https://ects.uni-trier.de

4) I know which courses to search for, but I can not find them in PORTA – what do I do?
   ➔ Try to change the parameters of your search – title, number, language of instruction, subject, instructor

5) I can not find the button to register/apply for a course – what do I do?
   ➔ If the registration button for a course is missing, then either no registration period has been entered for the course or the registration period has not yet started or has already expired. It should also be noted that not all registration deadlines automatically apply to all courses. The registration deadline is determined by the subject for each individual course. Which deadline(s) apply to a course is indicated on the detailed view. You can access the detailed view by clicking on the course title.

6) Two or more of the courses overlap – what should I do?
   ➔ Make sure if for any of the courses parallelgroups are offered. If so, you might be able to participate in a different parallelgroup. Some courses might offer participation without being there all the time (asynchronous attendance). Sometimes overlapping can not be avoided. In this case it might be necessary that you choose just one course. In case you are unsure, contact the departmental coordinators and/or the lecturers for the course.
