Exchange programs (Austauschprogramme)

- Exchange programmes always go in two directions: Universities receive students from a partner university and in return send their own students to this partner. Tuition fees are mutually waived.
- In addition to the academic aspects, cultural exchange also plays an important role.
- Achievements at the host university can usually be recognised at the home university.
- Exchange students are always ambassadors for their home country and their home university.

Study Stays

Duration:

usually 2 semesters (9-10 months)

1 semester: application for one semester is also possible if the reasons are given.

Financing:

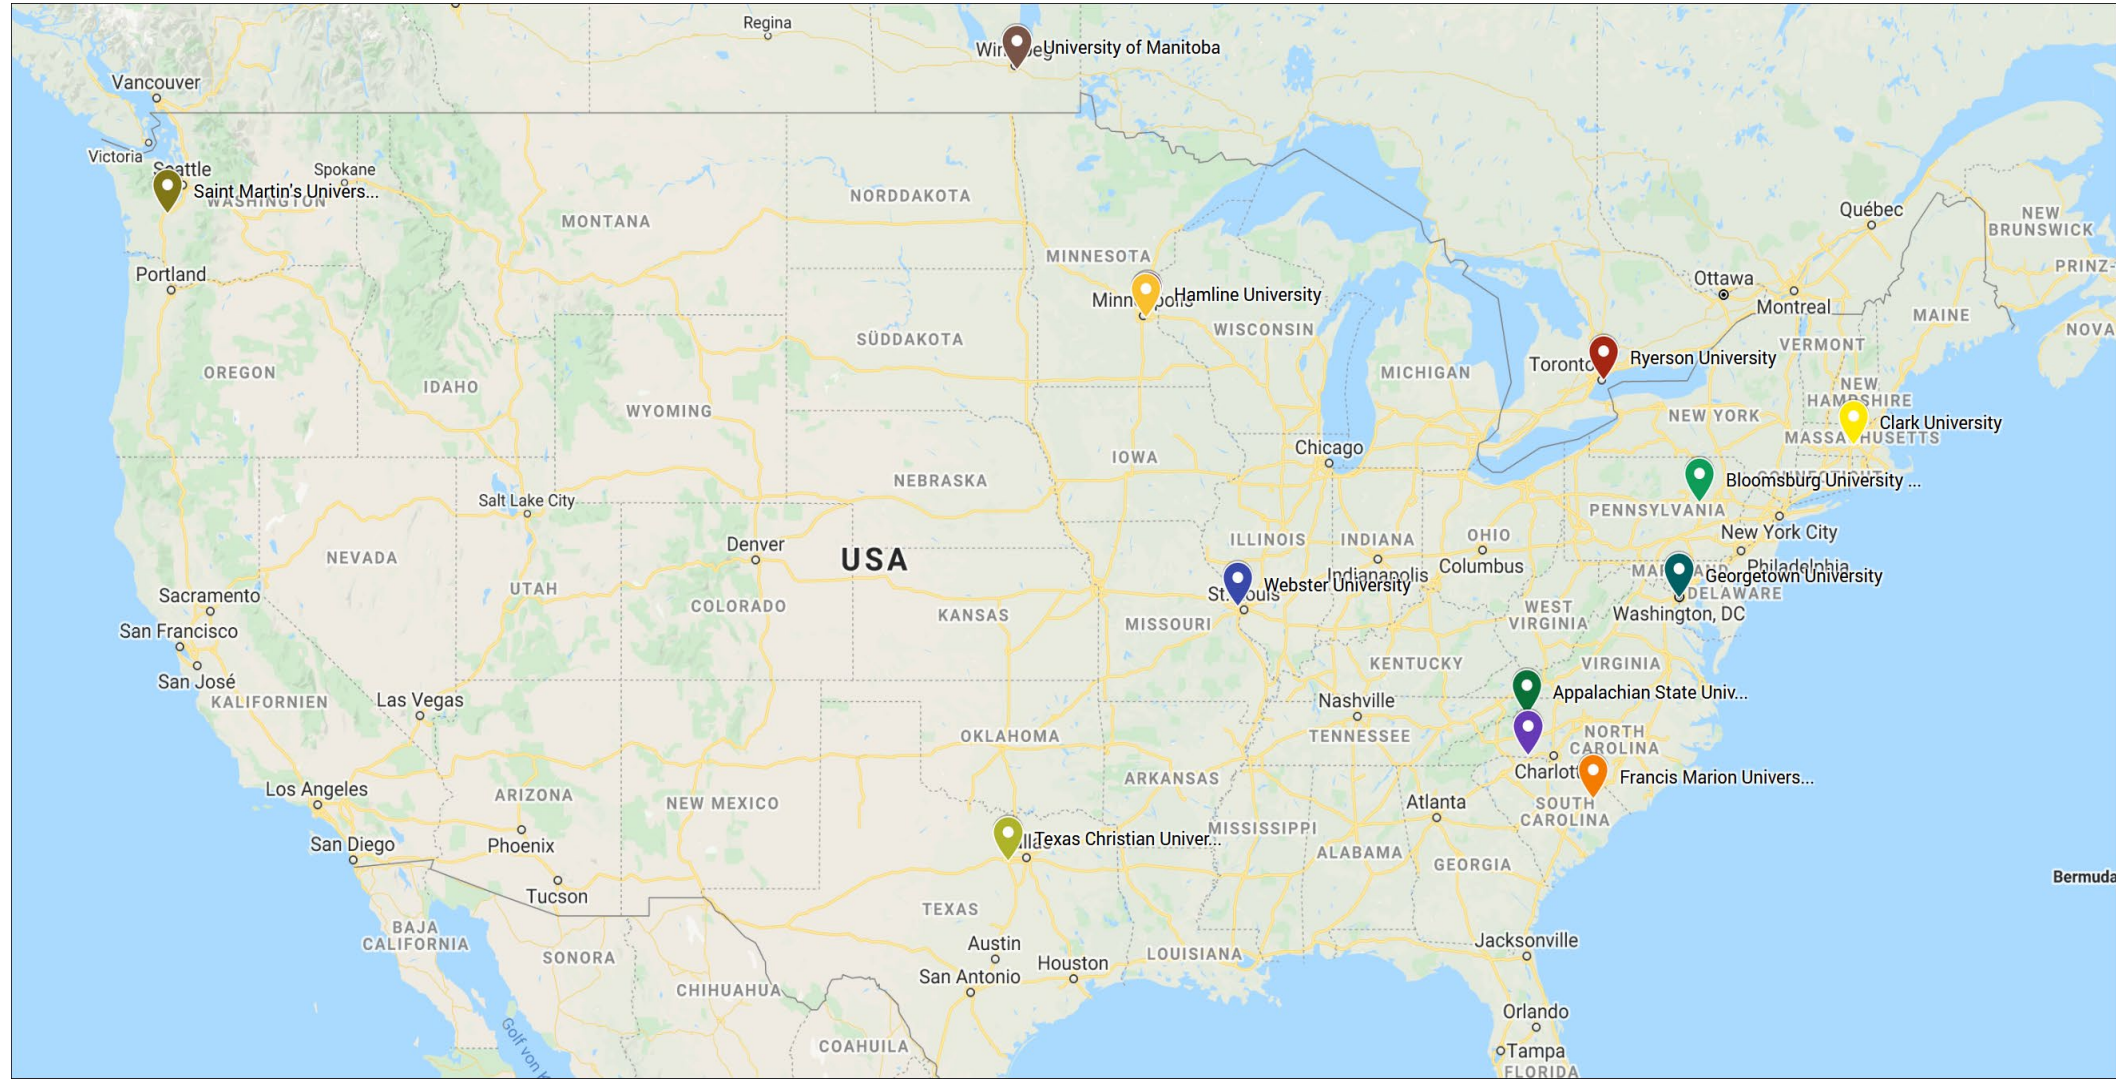

A: [ISEP, Clark, Hamline](#): No tuition fees at the host university AND **free accommodation and meals**, but [own contribution of 5.000€](#) (for one semester [3.500€](#)) in advance

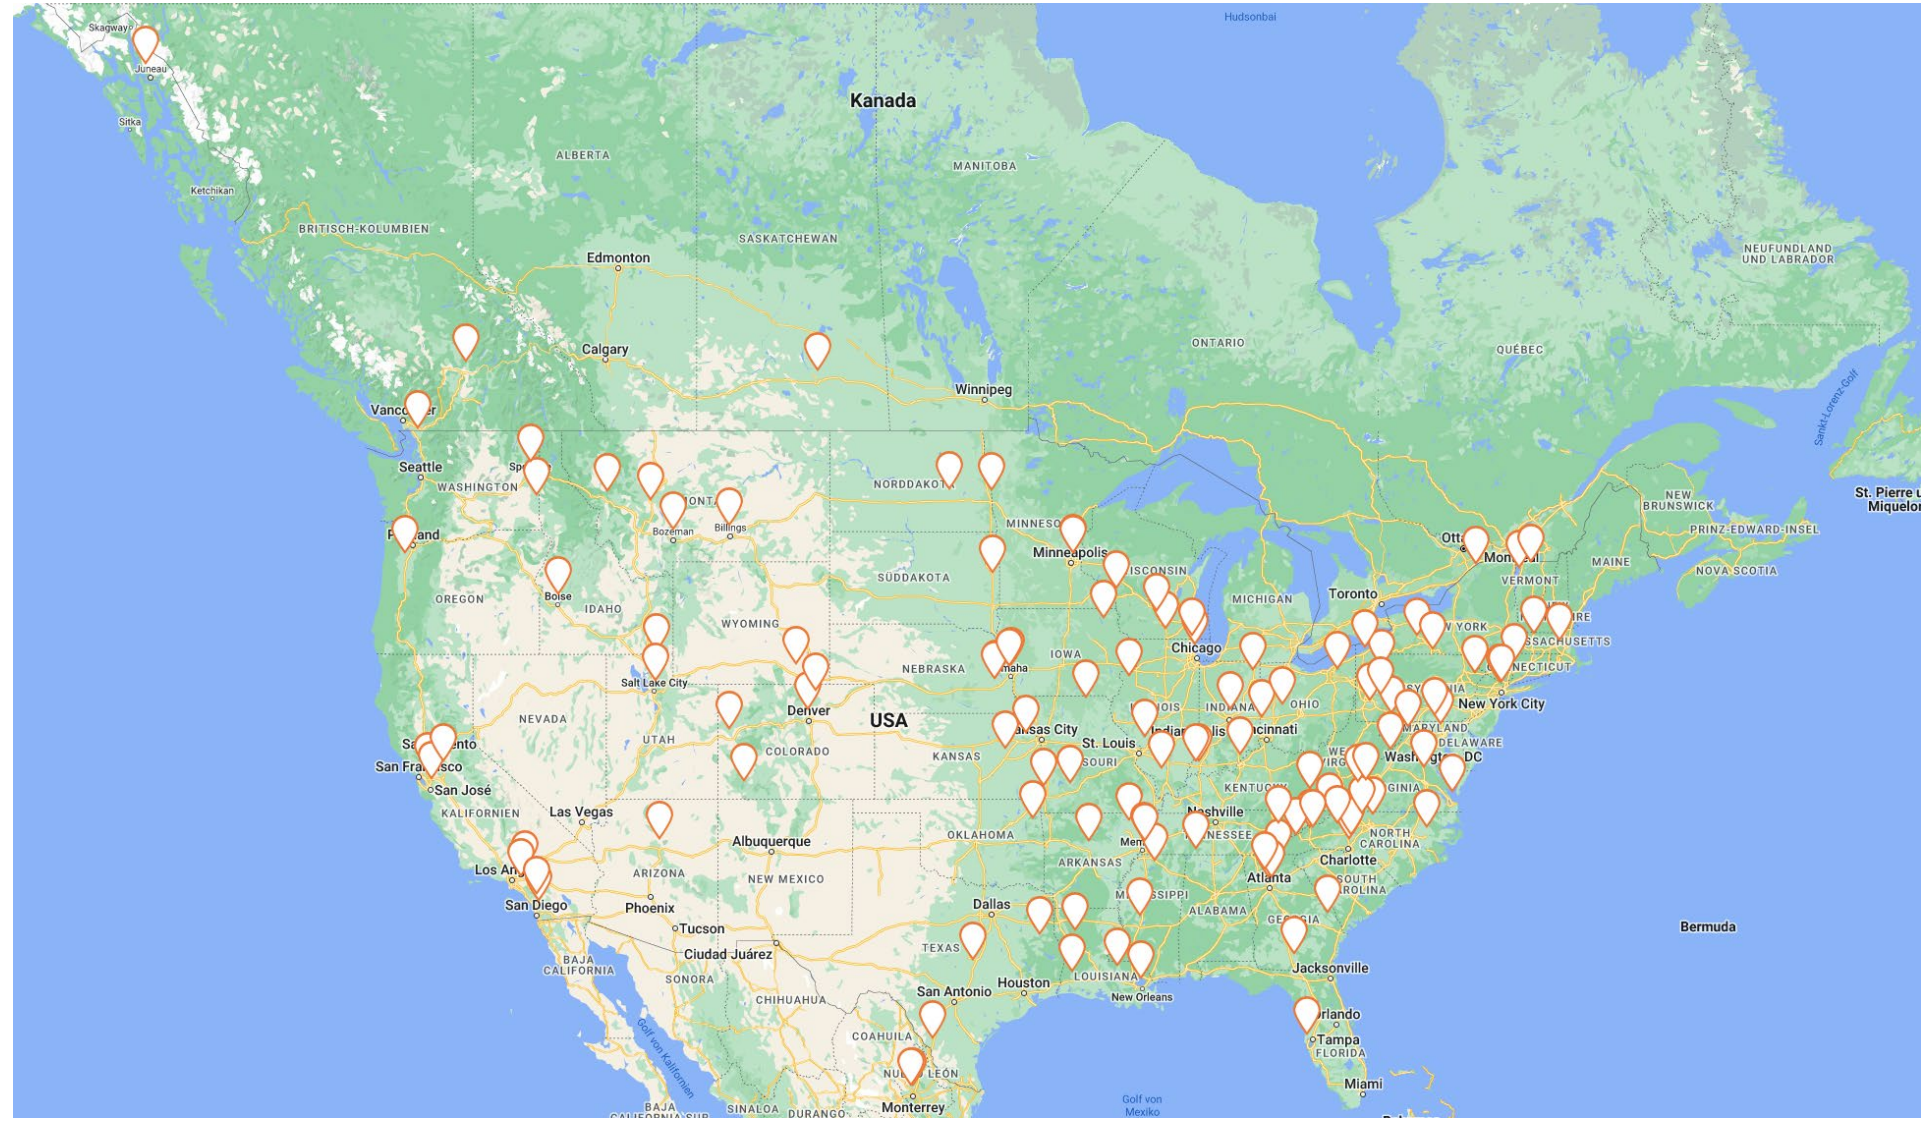

B: [Georgetown University](#): No tuition fees at the host university, a **scholarship of ~11.000\$**, self-financed accommodation and meals

C: [All other programs](#): No tuition fees at the host university and self-financed accommodation and meals

All models can be combined with BAföG and/or PROMOS-funding.
